Annual General Meeting (AGM) Scholarship Guidelines

General Scholarship Information

The CAPI Scholarship Committee grants funds based on the needs of **active, new, and potential** member organizations. The CAPI Scholarship Committee attempts to award 100% of funds allocated for the current scholarship period; **some requests may be denied or partially funded** depending on total requests received.

Scholarship **will not** be awarded for AGM registration fees. This is the obligation of the member(s) attending the Annual General Meeting or their pride committee organization. The CAPI Scholarship Committee may grant awards for one **or** both areas depending on the request of the applicant(s) and availability of funds.

Scholarships will be offered in two areas of need; applicants **must** specify which area(s) they are requesting awards:

1. Travel
2. Accommodations

Follow scholarship application **deadlines included on the application**. An application packet must be complete to be evaluated. **Incomplete application packets will be returned**. The award committee will try to make award determinations six weeks in advance of the AGM.

New or active CAPI member organizations will have priority for scholarship:

1. **One (1)** complete application packet per organization is required.
2. A maximum of **two (2)** individuals per organization will be eligible for scholarship and both must be included in the application.

Non-active and potential members will be considered only as funds are available.

CAPI will not fund an organization for more than two consecutive years.
